

## Fàilte do Thiriodh! Welcome to Tìree!

In the Isle of Tìree there is something of interest for all visitors, however young or old. The beautiful beaches provide miles of potential sandcastles, gently sloping paddling pools, and windsurfing for the more adventurous. Tìree's history and architecture capture the imagination revealing bygone ages, and the abundance of birds and other wildlife will keep naturalists engrossed for many an hour. And if all you want to do is walk then you've come to the perfect place!

One of the many things that makes Tìree great is the people that live here! Tìree is a working island and we kindly ask that you respect the community when visiting.

## Dog owners - please enjoy Tiree Responsibly!

Many visitors enjoy Tiree with their family dogs, however Tiree is a crofting landscape and livestock roam freely around the island. It is incredibly important that dog owners understand the Scottish Outdoor Access Code and behave responsibly to ensure no harm is done to the island's livestock as well as its wildlife.

To ensure you enjoy your stay keep your dog/s on a lead where livestock are present and under close control (within 2m) in other areas. Be aware that livestock may be around the corner even if not immediately visible. Ensure your dog has good recall, if not - keep it on a lead. **Do not allow your dog to chase or attack livestock, it is a criminal offence to do so and the crofters have the right to protect their livestock.** If an incident happens you must phone the police on 101 to report it! If you find yourself in a situation where cows are chasing you and your dog, however, it is safer to let the dog off the lead - don't risk getting hurt by trying to protect your dog.

Tiree also has an incredibly important population of wading bird species, many of which are ground-nesters. It is important during the bird breeding season (Apr-July) that your dog is kept on a lead to prevent damage to these nests. Follow the rules regarding dogs on signage that highlights the important bird breeding areas on the island. If it says to not enter that area we ask that you do not do so and find another route to enjoy your walk. Do not allow dogs to chase wildlife or birds. Finally, we ask that you pick up after your dog. Dog faeces can cause illnesses in livestock as well as abortions in cattle. Be prepared - take it home with you. Remember - your dog, your responsibility!

### Be a safe and considerate driver:

- Use passing places correctly, on the left - NOT verges
- Give way to cyclists the same as you would other vehicles - passing closer than 1.5m is dangerous and illegal
- Only park in clearly designated areas at beaches, not on fragile machair or potentially crumbling coastal locations!

### Discover Tiree Information Centre

Drop by the Visitor Centre to find leaflets and brochures with information about the island, or to ask any questions  
Open: Monday-Friday | 10am-4pm | Saturday 10am-12:30pm  
Find us at: Units 1 & 2 The Island Centre, Crossapol PA77 6UP
